Interests

SPORTS

- Football : 14 years in a club
- Running : 10-20 km

VOLUNTEERING

- Organization of **Beach Soccer** in Bout-Du-Pont-De-l'Arn since 2022.
- Organization of the **Black Moutain Trail** in Saint-Amans-Soult since 2023.
- Student Board Officer (**BDE**) for "Prépa T²" (2024/2025).
- Farm work: cattle milking, field work, tractor driving and machinery handling.

Education

ENSEEIHT ENGINEERING SCHOOL - TOULOUSE, FRANCE
2026-Present
Master's Degree in Engineering - Fluids, Energetics, Environment
First year

SCIENTIFIC PREPARATORY CLASS "PRÉPA T²" - TOULOUSE, FRANCE
2024-2026
Intensive two-year STEM Undergraduate program.
Coursework: Advanced Mathematics, Physics, Chemistry, Environmental & Societal Transitions.
Physics course in semester 4

MARÉCHAL SOULT HIGH SCHOOL - MAZAMET, FRANCE
2021-2024
High School Diploma
Specializations : Mathematics and Physics-Chemistry (with higher Mathematics option)
Graduated with **Highest Honors** ("mention Très Bien")

Work experience

THERMAL & HVAC ENGINEERING INTERN - SOCONER - TOULOUSE, FRANCE
May-June 2026

- Dynamic Thermal Simulation (STD): Modeling on **Pléiades**, HVAC sizing.
- Low-Carbon Engineering (RE2020): Calculation of carbon footprint on **Emersus** (INIES/FDES database).
- Environmental Management: Site monitoring under **BREEAM** certification.
- Project Management & Fieldwork: Participation in site meetings, validation of Modified Work Sheets and on-site measurements.

ROOFER - AUGUSTO MAISON NATURE - AUSSILLON, FRANCE
July-August 2024/2025/2026

- Complete roof installation (stripping, insulation, tiling).
- Operation of roofing tools and equipment.
- Work on eco-labeled sites.
- Eco-construction and use of sustainable materials.
- Teamwork on site, coordination with other trades (electricians, zinc workers, plasterers).

MUNICIPAL WORKER - SAINT AMANS SOULT, FRANCE
August 2021/2022/2023/2024/2026

- Routine maintenance of public buildings and spaces.
- Development and roadwork tasks

Skills

IT SKILLS

- Basics of Python, Fortran 90, SQL, LaTeX.
- Proficiency in MS Office : Word, Powerpoint, Excel.
- HVAC & thermal engineering software : Pléiades (COMFIE), Emersus (LCA/RE2020).

SOFT SKILLS

- Teamwork / Project Management: Completed a 6-week project (report and oral defense) in April 2026 on paragliding physics in a group of 5
- Problem-solving and analysis
- Critical thinking
